Price List of Young

# Ornamental Trees, Shrubs and Vines

For Planting in Nursery Rows

THOMAS MEEHAN & SONS

Dresher, Penna.

We urge our regular customers to place their orders with us for this stock as early as possible, so that their lists may be filled complete. There will be an unusually heavy demand for these plants this year, and customers who send their orders late are apt to be disappointed on many of the varieties which are in regular demand. Our stock will be of the usual good quality, such as we have furnished in the past. To those who have purchased this class of stock from us, it requires no recommendation. To others we can only say that our stock has given general satisfaction and a trial of it will prove its worth.

## TERMS

No less than ten plants of any variety sold. Twenty-five of any variety at the rate quoted per hundred, and two hundred and fifty at the thousand rate. Prices net. No discount. Packing charged extra. If cash accompanies the order, packing will be free.

		Per 10	Per 100	Per 1000
